

Let Us Host Your Rehearsal Dinner

During the planning stages of your reception we invite you to consider the conveniences of holding your rehearsal dinner at the same location as your wedding reception:

- Most of your wedding party will be staying in the hotel and it will be convenient for them
- Our staff will help you plan coordinating menus for both the rehearsal dinner and wedding reception
- Your wedding party and family will already be familiar with the location for the reception the following day
- Parking is ample and free
- Guests are close to their rooms in case they forget something
- If alcohol is being served at the rehearsal dinner it will reduce the number of people driving afterwards
- Reduces your amount of running around since all the activities are taking place at the same location
- Complete beverage/bar services are available

We guarantee you ample space, excellent dinner options, friendly service, and professional planning. We also offer the following features if you schedule your rehearsal dinner with us along with your reception:

- No room rental charges for your rehearsal room for up to 100 people
- A complimentary bottle of House wine with dinner for each table that night
- No bar minimum or set up charge if you choose to have a cash/tab bar

Please feel free to call our office if you have any questions or to check dates for your rehearsal dinner. We look forward to assisting you in this additional phase of your planning.
